

The Sky Changes

By Sorrentino, Gilbert.

Dalkey Archive. 1 Paperback(s), 1998. soft. Book Condition: New. A couple making a cross-country trip from New York City to San Francisco try to convince themselves that their disintegrating marriage can be saved, in this 1966 debut novel by the author of *Lunar Follies* and *Imaginative Qualities of Actual Things*. The chapter headings list their progress through the destinations both touristy and unintended, and as husband and wife move inexorably toward divorce, it is their children who bear the brunt of it all. "I have never read a novel more explicitly clear, nor one more relevant, in its statements of contemporary life in this country. It is unique, brilliantly and sparely written, absolutely without self-indulgence or embarrassment in the dilemmas of a man's life which it articulates." Robert Creeley 139.

Reviews

Definitely one of the better book We have possibly read. We have read through and i also am certain that i am going to gonna study once again yet again in the foreseeable future. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Enrique Labadie**

Basically no terms to clarify. It can be written in basic terms instead of difficult to understand. I am easily could get a enjoyment of reading through a composed publication.
