Minotaur. 1 Cloth(s), 2014. hard. Book Condition: New. In their fourth adventure, following The Baker Street Translation, Reggie Heath and his brother Nigel are still fielding letters intended for Sherlock Holmes, as they have done ever since they unwittingly moved their law offices to 221B Baker Street. Sacks of these letters have arrived at the address over the past hundred-some years, and now a collection of vintage examples has gone before the public at the Marylebone Hotel. Reggie wants nothing to do with them; he'd rather be on a country holiday with his lovely fiancée Laura Rankin. But someone has a deadly serious interest in those misguided attempts to summon the great detective, and Reggie may soon lose all that he holds dear."Robertson has amassed good mileage and some really good novels out of the world's endless fascination with Sherlock Holmes, going well beyond the old chestnut of claiming to have come across a mislaid Watson manuscript. Robertson's protagonists are a couple of drily funny British lawyers. Occasionally, a letter will pique their interest and send them off on the trail of a miscreant. The novels began as wonderful mixes of suspense, detection, and muddle-through comedy, though the tone darkened as the series went on. There's a subtext here: the evil is loosed because gullible people believed, like the letter writers, that Holmes existed. The novel can be read as a warning against believing in fairy tales, or simply as an artfully done mystery."Booklist 263.
