Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Improvements to housing will require both research and the transfer of that research to homebuilders, homebuyers, and others in need of technology. This report summarizes results of a national survey on research and technology transfer needs for housing and prioritizes those needs. Survey participants included academicians, builders, code officials, government officials, homeowners, manufacturers, and others. In addition to determining overall priorities, research and technology transfer needs are also categorized into important priority areas for housing: construction, design, disaster, durability, environmental factors, fasteners and adhesives, inspection, materials, operation, maintenance and rehabilitation, and other areas.
