

Agumon

By Frederic P. Miller

Alphascript Publishing. Taschenbuch. Condition: Neu. Neuware - Agumon is a Rookie Digimon creature from the Japanese Digimon media franchise that comprises anime, manga, toys, video games, trading card games and other media. He is the unofficial mascot for the Digimon franchise as he and his alternate forms (called Digivolutions) are featured in almost all Digimon media/merchandise. The name 'Agumon' is partly derived from the Japanese onomatopoeia 'aguagu', the sound of biting, and from the suffix -mon (short for 'monster') which all Digimon carry at the end of their names. Thus, Agumon is literally a 'biting monster'. Coincidentally, the word 'agu' also means 'fire' in Nepalese, and Agumon often uses fire attacks. 'Agumon' is the name that all members of this particular Digimon species share. There are several different Agumon that appear in various Digimon anime and manga series who are almost always main Digimon characters. Each lead Agumon is partnered (bonded) with a child called a DigiDestined. DigiDestined are children chosen by benevolent beings (usually a group of ancient, powerful Digimon) to defeat evil forces in the Digital World, the plane on which all Digimon live. 200 pp. Englisch.
