PROPORTIONAL REPRESENTATION: OR THE REPRESENTATION OF SUCCESSIVE MAJORITIES IN FEDERAL, STATE, MUNICIPAL, CORPORATE AND PRIMARY ELECTIONS (CLASSIC REPRINT)**DOWNLOAD**

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****. Excerpt from Proportional Representation: Or the Representation of Successive Majorities in Federal, State, Municipal, Corporate and Primary Elections Within the last few years the public mind has been awakened to many questions relating to government, but to no one more important than that discussed in the volume now presented to the reader. The editor believes it to be a necessity of the times, in view of current discussions of electoral reform, that the papers now collated and arranged should be put into a permanent and accessible form. For not only in Pennsylvania, but in many other states of the Union, the great evils of the present system of voting and of deficient representation, are being earnestly discussed. Therefore, whatever can assist in bringing about just conclusions either as to the necessity of some fundamental changes in electoral action, or, that being conceded, as to the best method of adapting the changes agreed upon to the needs of the people, may be accepted as fit, timely and useful. Although a number of works, more or less elaborate, have been recently published upon electoral and representative reform, no one of them covers precisely the ground covered by the present one. They have dealt mostly with the theoretical and philosophical aspects of the questions treated, whereas the volume in hand is largely devoted to the practical application of the plan proposed in it for popular acceptance.
